

## Special Educational Needs and Disability Policy

### Statement of Intent

We provide an environment in which all children are supported to reach their full potential.

### Aims

- We have regard for the DfES Special Educational Needs Code of Practice.
- We include all children in our provision.
- We provide practitioners to help support parents and children with special educational needs (SEN)/disabilities.
- We identify the specific needs of children with SEN/disabilities and meet those needs through a range of strategies.
- We work in partnership with parents and other agencies in meeting individual children's needs.
- We monitor and review our practice and provision and, if necessary, make necessary adjustments.

### Methods

- We designate a member of staff to be special educational needs co-ordinator (SENCO) and give his/her name to parents. **Currently Role of Senco is Gillian Cadman**
- We provide a statement showing how we provide for children with SEN/disabilities.
- We ensure that the provision for children with SEN/disabilities is the responsibility of all members of the setting.
- We ensure that our inclusive admissions practice ensures equality of access and opportunity.
- We ensure that our physical environment is as far as possible suitable for children with disabilities.
- We work closely with parents of children with SEN/disabilities to create and maintain a positive partnership.
- We ensure that parents are informed at all stages of the assessment, planning, provision and review of their children's education.

## Early Birds Pre-School

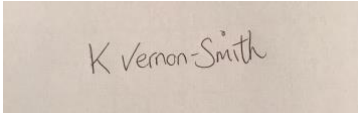

- We provide parents/guardians with information on sources of independent advice and support.
- We liaise with other professionals involved with children with SEN/disabilities and their families, including transfer arrangements to other settings and schools.
- We use the graduated response system for identifying, assessing and responding to children's special educational needs.
- We provide a broad and balanced curriculum for all children with SEN/disabilities.
- We provide a differentiated curriculum to meet individual needs and abilities.
- We use the Educational, Health & Care Plan (EHCP) document which sets out the education, health and social care needs for children with SEN/disabilities and the support that is necessary to help them achieve outcomes.
- We ensure that children with SEN/disabilities are appropriately involved at all stages of the graduated response, considering their levels of ability.
- We use a system for keeping records of the assessment, planning, provision and review for children with SEN/disabilities.
- We provide resources (human and financial) to implement our SEN/disability policy.
- We ensure the privacy of children with SEN/disabilities when intimate care is being provided.
- We provide in-service training for practitioners and volunteers.
- We raise awareness of any specialism the setting has to offer, e.g. Makaton trained staff.
- We ensure the effectiveness of our SEN/disability provision by collecting information from a range of sources e.g. IEP reviews, staff and management meetings, parental and external agency's views, inspections and complaints. This information is collated, evaluated and reviewed annually.
- We provide a complaints procedure.
- We monitor and review our policy annually.
